

Dräger X-plore® 6570 Full Face Mask

The Dräger X-plore® 6570 is the high comfort full face mask used by professionals in a wide variety of applications. It is the successor to the Panorama Nova® RA masks, a range which has proven itself over decades of use worldwide. Its robust but flexible and skin-friendly mask body made from silicone features high wearing comfort – even when used for long periods of time.

Benefits

Single-filter full-face mask

- standard thread connection Rd40 according to EN 148-1
 - silicone mask body, visor made of triplex or PC
 - to be used with all filters with standard thread connection Rd40
-

Silicone mask body for safety and wearing comfort

A double sealing frame with threefold sealing edges offers safe protection and a secure fit for almost all face shapes. The mask body is made of durable and hypoallergenic silicone (blue or yellow colour) which provides non-compromising wearing comfort – even during prolonged use.

Large field of vision

The distortion-free lens with 180° wide angle provides a large field of view with excellent peripheral vision. The lens is made from impact-proof polycarbonate with either a plastic or stainless steel lens frame available.

Efficient ventilation system

The efficient ventilation system with separate inner mask prevents the visor from misting up and provides a clear view.

Versatile use

The X-plore 6570 is equipped with an Rd40 connection in accordance with EN 148-1 for use of the Dräger X-plore® Rd40 filter series.

5-point harness

The comfortable 5-point head harness not only ensures that the mask can be donned easily and quickly, but is wide enough to prevent any pressure points on the wearer's head.

Simple servicing and logistics

One universal size simplifies logistics and storage. The inside barcode allows for ease of recording and servicing the mask inventory.

Clear voice communication

An integrated stainless steel voice diaphragm facilitates good communication.

System Components

Dräger X-plore® Rd40 Filters

Whether used in chemical industry or automobile industry, shipbuilding, metal processing industry or by public utility services – for decades Dräger respiratory protection filters have been a synonym for experience and safety worldwide. They clean breathable air from contaminants in a low-cost and effective manner.

Accessories

Wikov V mask box

Instead of a mask bag, the Dräger full face masks can be stored or carried along in the Wikov V mask box.

Lens overlay protectors, self-adhesive

Accessories

ST-14835-2008

Welding protection visor (only for stainless-steel frames)

In combination with a full face mask and corresponding breathing filters, the welding protection visor ensures that you stay safe when welding.

D-9856-2014

Mask spectacles kit

The full face mask can easily be equipped with a spectacles kit for wearers of glasses.

D-44725-2015

DAISYquick cleaning cloths

Cleaning cloths to remove dirt easily, without damaging the mask.

D-4694-2017

Anti-fogging gel "klar-pilot" (50 ml)

This special anti-fog agent (gel) prevents visors and mask spectacles from fogging even in case of extreme temperature differences.

Related Products

Dräger X-plore® 6300

The Dräger X-plore® 6300 is the efficient yet low-cost full face mask intended for price-conscious users not wishing to compromise on comfort or quality. This full face mask is the successor to the Panorama Nova® Standard, a mask which has proven itself over decades of use worldwide – redesigned and improved with fresh colours and an integrated barcode.

Dräger X-plore® 6530

The full face mask Dräger X-plore® 6530 is the successor to the Panorama Nova® RA masks, meeting the highest demands for quality, reliability and secure fit. The mask body made from EPDM is highly resistant and skin-friendly, offering high wearing comfort.
