for **DNV GL SE**

Christine Mydlak-Roeder
Head of Notified Body

The mark of conformity may only be affixed to the above type approved equipment and a Manufacturer's Declaration of Conformity issued when the production-surveillance module (D, E or F) of Annex B of the MED is fully complied with and controlled by a written inspection agreement with a Notified Body. The product liability rests with the manufacturer or his representative in accordance with Directive 2014/90/EU. This certificate is valid for equipment, which is conform to the approved type. The manufacturer shall inform DNV GL SE of any changes to the approved equipment. This certificate remains valid unless suspended, withdrawn, recalled or cancelled. Should the specified regulations or standards be amended during the validity of this certificate, the product is to be re-approved before being placed on board a vessel to which the amended regulations or standards apply.

LEGAL DISCLAIMER: Unless otherwise stated in the applicable contract with the holder of this document, or following from mandatory law, the liability of DNV AS, its parent companies and their subsidiaries as well as their officers, directors and employees ("DNV") arising from or in connection with the services rendered for the purpose of the issuance of this document or reliance thereon, whether in contract or in tort (including negligence), shall be limited to direct losses and under any circumstance be limited to 300,000 USD.

Product description

The **HYXF-C6** and **HYXF-C8** is a level 1 fire-fighting outfit consisting of a pair of pants and a jacket.

The protective clothing can be used jointly with suitable breathing apparatus.

HYXF-C6: The air bottle worn on the back of the fire man is protected by a back storage bag of the jacket The hose to the face mask is passing through a protected chest opening in the jacket.

The 4-layer protective clothing is made of an outer aramid layer, a moisture barrier, a thermal insulation, and an inner aramid/viscose layer. It appears in orange and is fitted with reflective tape.

The size of the protective clothing is offered in M, L or XL which should fit a fireman of 1.75 ~ 1.95 m in height.

For further details refer to the documentation listed below under "Type Examination documentation".

Application/Limitation

Approved for use as protective clothing for firefighters.

Performance level achieved: level 2 (X2, Y2, Z2).
