JON BUOY RECOVERY MODULE MK5

OCEAN SAFETY®

Ocean Safety,
Saxon Wharf,
Lower York Street,
Southampton,
SO14 5QF, UK.

www.oceansafety.com

Recovering a man overboard can be an extremely hazardous operation for both the crew and the casualty, regardless of vessel size. The Jon Buoy Recovery Module is designed to make this a simple operation, whilst increasing vital visibility and protection for the casualty.

Accepted as a direct replacement for one traditional danbuoy, horseshoe, drogue, light and whistle, specified within the World Sailing Offshore Special Regulations, where two would normally be required.

The Jon Buoy Recovery Module casing is available in four variations in pushpit and bulkhead mounts with white or carbon options.

KEY FEATURES

- Automatic inflation
- Automatic light
- Lifting ring
- SWL of 195kg
- Retro-reflective binding
- Large ballast pocket
- 5m weighted throwing line
- Repackable
- Compact & lightweight
- Slimline container
- AIS attachment point
- Available in bulkhead or pushpit mount options
- 5 year warranty
